Club**

**Food Allergen  
Information**

It is a legal requirement to inform our customers of any allergenic ingredients in the food and drink that we supply.

With this in mind we have produced this leaflet to inform all parents and carers about the food we serve at our Breakfast Club

An 'allergen' is a substance that reacts with the body's immune system and can cause an 'allergic' reaction.

An 'allergy' is an abnormal response to a food triggered by the body's immune system.

## What are the major allergens?

There are 14 major allergens that the new legislation requires us to declare. These are: Celery, Cereals containing Gluten, Crustaceans, Eggs, Fish, Lupin, Milk, Molluscs, Mustard, Nuts, Peanuts, Sesame seeds, Soya, and Sulphur Dioxide.

Our Breakfast Club serves the following items:

Nestle Cheerios—contains gluten (Wheat). May contain traces of nut.

Nestle Shreddies—contains gluten (Wheat). May contain traces of nut.

Kelloggs Cornflakes—contains barley and barley malt flavouring

Kelloggs Rice Krispies—contain barley

Weetabix—contains barley and wheat

Toast—(White) Aldi own brand—contains : Wheat flour, Soya flour, (Jam—see kitchen allergens

Aldi Fromage Frais - contains milk

Fresh Fruit

Raisins

Pikelets/ Crumpets (occasionally) - Wheat flour. May also contain Soya

Fruit Juice

Water

Milk

Other items may be served. Please always make us aware of allergies your child may have.

Please note not all items will be available on all days.

Arrangements can be made to accommodate any special dietary needs.

It is important to remember that we still ask parents to let us know of any known allergy, food intolerance or any other medical condition that may affect their child.

Please do not hesitate to get in touch should you require any further information.
