

## Sports Premium

The P.E and sport premium is designed to help primary schools improve the quality of the P.E and sport activities they offer their pupils.

At Burlington Junior School, we value the role that PE and sport plays in both the curriculum and the wider life of our school community and appreciate the potential it has to change young people's lives for the better.

We have welcomed the Government's announcement to provide additional funding until 2020 to improve provision of physical education and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people. This funding is ring-fenced and therefore can only be spent on provision of P.E and sport in schools.

Funding for schools will be calculated by the number of primary aged pupils (between the ages of 5-11). All schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil. Smaller schools will receive £1000 per pupil. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

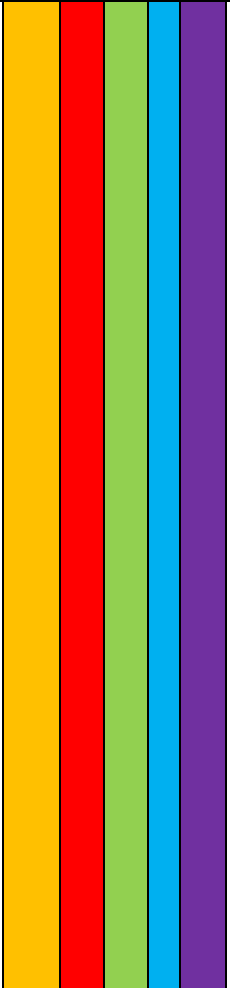

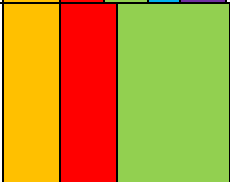

For example, you can use your funding to:

- Hire qualified sports coaches to work with teachers
- Provide existing staff with training or resources to help them teach P.E and sport more effectively.
- Introduce new sports or activities and encourage more pupils to take up sport.
- Support and involve the least active children by running or extending school sports clubs and Change4Life clubs
- Run sports competitions
- Increase pupils' participation in the School Games
- Run sports activities with other schools.

**The total allocation for Burlington Junior School is £19042 based on 306 pupils on role**

<b>It is expected that schools will see an improvement against the following 5 key indicators:</b>	
The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles	
The profile of PE and sport being raised across the school as a tool for whole school improvement	
Increased confidence, knowledge and skills of all staff in teaching PE and sport	
Broader experience of a range of sports and activities offered to all pupils	
Increased participation in competitive sport
