

Eco Angels and Energy Wasters

The Eco Team have decided to use devil and angel cards to encourage staff and children to reduce the amount of electricity wasted in school.

Every lunchtime, a member of the Eco Team will visit each classroom. If the lights or Smartboard are on but not being used, the class will be given an 'Energy Waster' card.

However, if it is clear that energy is not being wasted, the class will be awarded an 'Eco Angel' card.

At the end of the week, whichever class has been awarded the most Eco Angel cards will receive a certificate in assembly.
