

Year 3 Home Learning WB: 07.12.2020 *Please click on the lessons (the blue links) which will take you to the website.

Maths: Addition and Subtraction

Here are suggested lessons that are what we would be completing in school (click on the lessons to take you to the website):

1. Add numbers with up to 3 digits (no exchanging)
2. Add numbers with up to 3 digits (exchanging)
3. Subtract numbers with up to 3 digits (no exchanging)

Science: Light

We will be exploring the concept of shadows. What is a shadow? Where might you see one? How are shadows formed?

Religious Education

This week, we will focus on Christianity and the festival of Christmas. We will also be practising and recording our Christmas poem, as well as enjoying some other Christmas festivities!

English: Instructions

This week we are starting our 'independent phase' of writing as we begin to create our independent instructional text. We will recap on the main features of our model text, 'How to Catch a Dragon' and then use this to create an independent write on a topic of our choice!

Reading:

Please read a book at least three times this week – every day if possible. You don't just have to read your school book; you can read any book from home as long as it's challenging enough for you and you enjoy it! Please refer to the BJS website for a list of suggested books for Year 3 to read. Record yourself reading out loud and post a clip of this to your Dojo portfolio.

PSHE – Celebrating Difference

We will be discussing how all actions have consequences. In particular, we will identify how some words can be hurtful to others.

Spellings

once	buy	worse
thought	talk	caught
bought	walk	could
anyone		

Additional Spelling ideas: -

Can you create a 'word pyramid' for each of the spellings? What about a 'rainbow word?'

Art: David Hockney

This week, we are creating a landscape of the local area in the style of David Hockney.

Design Technology

Over the next two weeks, we will be completing our 'Design Technology' unit. This will cover the following objectives:

- To create a felt butterfly design.
- To practise a range of stitches.
- To sequence the steps needed to make a felt butterfly.
- To make a felt butterfly, joining different materials together.
- To evaluate the final product.
