

Burlington Junior School Skills for Map Work

	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Geographical Skills: Enquiry and Investigation	<p>Comment and ask questions about aspects of their familiar world such as the place where they live or the natural world.</p> <p>Show care and concern for living things and the environment.</p>	<p>Ask and answer simple geographical questions.</p> <p>Describe some similarities and differences when studying places and features e.g. hot and cold places of the world.</p>	<p>Ask and answer simple geographical questions when investigating different places and environments.</p> <p>Describe similarities, differences and patterns e.g. comparing their lives with those of children in other places and environments</p>	<p>Ask and answer more searching geographical questions when investigating different places and environments.</p> <p>Identify similarities, differences and patterns when comparing places and features..</p>	<p>Ask and respond to more searching geographical questions including 'how?' and 'why?'</p> <p>Identify and describe similarities, differences and patterns when investigating different places, environments and people.</p>	<p>Ask and respond to questions that are more causal e.g. Why is that happening in that place? Could it happen here?</p> <p>Recognise geographical issues affecting people in different places and environments.</p>	<p>Ask and respond to questions that are more causal e.g. What happened in the past to cause that? How is it likely to change in the future?</p> <p>Make predictions and test simple hypotheses about people, places and geographical issues.</p>
Geography Skills: Fieldwork	<p>Find out about the environment by talking to people, examining photographs, simple maps and visiting local places.</p>	<p>Observe and describe daily weather patterns.</p> <p>Use simple fieldwork and observational skills when studying the geography of their school and its grounds.</p>	<p>Identify seasonal and daily weather patterns.</p> <p>Develop simple fieldwork and observational skills when studying the geography of their school and local environment.</p>	<p>Observe, record, and name geographical features in their local environments.</p>	<p>Observe, record, and explain physical and human features of the environment.</p>	<p>Observe, measure, and record human and physical features using a range of methods e.g. sketch maps, plans, graphs, and digital technologies.</p>	<p>Use a range of numerical and quantitative skills to analyse, interpret and present data collected from fieldwork observations, measurements and recordings.</p>
Geographical Skills: Interpret a Range of Sources of Geographical Information	<p>Use a range of sources such as simple maps, photographs, magnifiers. and visiting local places.</p>	<p>Use a range of sources such as simple maps, globes, atlases and images.</p> <p>Know that symbols mean something on maps.</p>	<p>Use a range of sources such as maps, globes, atlases and aerial photos to identify features and places as well as to follow routes.</p> <p>Use simple compass directions as well as locational and directional language when describing features and routes.</p>	<p>Use a range of sources including digital maps, atlases, globes and satellite images to research and present geographical information.</p> <p>Use the eight compass points and recognise some Ordnance Survey symbols on maps.</p>	<p>Use a range of sources including digital and Ordnance Survey maps, atlases, globes and satellite images to research geographical information.</p> <p>Recognise Ordnance Survey symbols on maps and locate features using four-figure grid references.</p>	<p>Use a range of maps and other sources of geographical information and select the most appropriate for a task.</p> <p>Demonstrate an understanding of the difference between Ordnance Survey and other maps and when it is most appropriate to use each.</p>	<p>Interpret a wider range of geographical information and maps including scale, projections, thematic, and digital maps.</p> <p>Recognise an increasing range of Ordnance Survey symbols on maps and locate features using six-figure grid references.</p>
