### **Useful Apps:**

Timestablerockstars

PurpleMash

Class Dojo

Google Classroom

**PE:** All Y5 Thursday

Class 9 and 10—Friday as well

Reading—please return reading records and books to school each day.

### Science—Living Things and their Habitats

**Subject areas covered:** Science, PSHE

Due to the first national lockdown, we will cover both Y4 and Y5 objectives in this area of learning.

As **Scientists** the children will recognise that all living things can be grouped in a variety of ways. We will explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment.

We will also recognise that environments can change and that this can sometimes pose dangers to living things.

Within the Year 5 learning, children will describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird. We will also describe the life process of reproduction in some plants and animals.

### DT

#### **Bread Making**

**Subject areas covered:** Design and Technology

As **Designers**, we will develop our own design criteria for our product, which is aimed at a particular group or individual.

We will learn how bread products are an important part of a balanced diet and can be eaten in different ways.

We will use annotated sketches to communicate our ideas for our final product.

We will be able to evaluate our finished product.

### **William Morris**

**Subject areas covered:** Art, History, Geography

As **artists**, we will develop an understanding of printing and patterns.

We will take inspiration from the famous artist, William Morris, and plan to imitate a piece of his work in order to independently create our own pieces.

### PSHE—Changing Me

**Subject areas covered:** PSHE—Jigsaw

As **Citizens**, we will explore different areas of the theme: 'Changing Me'. This will include:

- Exploring self image and body image
- Puberty for Boys
- Puberty for Girls
- Conception
- Growing up and responsibilities
