Can you prepare for emergency situations

In the news this week

Loud siren-like sounds will be triggered on mobile phones and other devices on 23rd April as part of a UK Government test of its new emergency alerts system. The service will broadcast alarms and send emergency advice to people's devices to warn them of nearby danger that could threaten their life such as a large fire or flooding. As part of the service's roll out, a number of trials are taking place.

Things to talk about at home ...

- > Do you believe the emergency alerts are a good idea? How do you think they might help?
- > Have you ever experienced an emergency? What happened and how did you feel? Have others in your home experienced an emergency?
