

## The Tudors

### Background Information

After the Battle of Bosworth, the War of the Roses finally concluded. Henry VII married Elizabeth of York to cement the union of the houses of Lancaster and Tudor-once and for all! This political move created a solid foundation for the newly-established **Tudor monarchy** which led to the births of some of the most famous monarchs in British history. The tyrannous rules of Henry VIII and his two daughters (Mary I and Elizabeth I) explored the absolute power of the monarch and the fear held by the people under their rule. A full reform of the church, the dissolution of the monasteries and a horrific take on what it was to punish so-called crime adds to the blood-thirsty legacy left by the Tudors in the 16<sup>th</sup> Century.

### Key facts:

-The Tudors ruled England from 1485 to 1603.

-The first Tudor king was Henry VII. He became king after the battle of Bosworth field, which ended the War of the Roses. He was followed by his son, Henry VIII, who was famous for marrying six times and beheading two of his wives! His son, Edward VI ruled after him, followed by his daughters Mary I and Elizabeth I.

-They are famous for many things, including the Henry VIII and his six wives, the exploration of America and the plays of William Shakespeare.

-During the sixteenth century, England emerged from the medieval world. It was a time of great change, most notably it marked the end of the Catholic church in England. Great naval exploits began the great English seafaring tradition.

-Life had many problems. Towns were becoming overcrowded, roads were muddy tracks and travelling was difficult. The overcrowding caused danger from fire and disease.

-During 118 years of Tudor rule, England became richer than ever before. As the country became wealthier, towns grew, beautiful houses were built and schools and colleges were set up. Arts and crafts flourished too. England was home to great painters, writers and musicians.
